PROFESSIONAL SUMMARY

Full Stack Developer specializing in modern website and web applications with expertise in the MERN stack, Next.js, TypeScript, and React Native. Passionate about healthcare technology with hands-on experience building scalable patient management systems, e-commerce platforms, and real-time collaboration tools. Strong problem-solving skills with a focus on clean code, intuitive UI/UX, and performance optimization. Currently pursuing medical education while actively developing.

EDUCATION

Bachelor of Medicine and Surgery
University of Uyo, Uyo, Nigeria | 2023 - 2029

EXPERIENCE

Frontend Developer Intern
HNG Internship | August 2025 - December 2025

- Developed responsive web applications using React, Next.js, and TypeScript, ensuring cross-browser compatibility and optimal performance
- Implemented server-side rendering and static site generation with Next.js, improving SEO scores and page load times by 40%
- Integrated RESTful APIs and third-party services including Supabase, Convex, and authentication systems using JWT and OAuth
- Built reusable component libraries with TypeScript and Tailwind CSS, reducing development time by 30% across team projects
- Optimized application performance through code splitting, lazy loading, and implementing caching strategies with Redis

PROJECTS

Clinical One (Next.js, TypeScript, Supabase, TailwindCSS) — Health at your fingertips. Comprehensive healthcare management platform featuring appointment scheduling, medical records management, and secure patient-provider communication with HIPAA-compliant data handling. [Live Demo](#) | [GitHub](#)

Adeips Official Website (Next.js, TypeScript, Supabase, TailwindCSS) — Professional website for a public speaking school with custom admin dashboard, role-based authentication, course management system, and student enrollment portal with payment integration. [Live Demo](#) | [GitHub](#)

Framez (React Native, Expo, NativeWind, Supabase) — Social media mobile application with photo sharing capabilities, real-time notifications, user engagement features, and optimized media delivery using cloud storage and CDN integration. [Live Demo](#) | [GitHub](#)

NovaTickets (React, TypeScript, Supabase, TailwindCSS) — Ticket management system with JWT authentication, real-time dashboard analytics, full CRUD operations, team collaboration features, and role-based access control for enterprise workflows. [Live Demo](#) | [GitHub](#)

E-commerce Audiophile (Next.js, TypeScript, TailwindCSS, Convex) — High-performance e-commerce platform for premium audio equipment featuring Stripe payment processing, product catalog with advanced filtering, shopping cart functionality, and responsive checkout flow. [Live Demo](#) | [GitHub](#)

TECHNICAL SKILLS

- **Front-End:** React.js, Next.js, JavaScript, TypeScript, React Native, HTML, CSS, TailwindCSS, Styled-Components, Sass
- **State Management:** Redux Toolkit, Context API, Zustand
- **Backend:** Node.js, Express, PostgreSQL, Supabase, Convex
- **Version Control:** Git, GitHub
- **Animations:** GSAP
- **Other Tools:** RESTful APIs, Paystack, react-hook-form, Zod, Shadcn UI, Postman, VSCode
